No: 1295/L.F.
dated 16th April 1904.

Sir,

I have the honor to bring to your notice the following irregularities existing in the Deposit Accounts of the President of Municipalities in the Mysore District. These transactions appear in his Accounts from May 1900 and since then he has not properly maintained the accounts and rendered the monthly and annual returns to this office in accordance with Codal rules and the instructions issued from this office from time to time. It was only after long correspondence and especially after the issue of Government orders No. 839-½/L.F. 57-02 dated the 18th August 1903 on my report No. 122/L.F. dated 29th July 1903 that most of the monthly Registers were received. A list of the monthly Returns and Vouchers still due from him is enclosed for your information and orders. The following are the irregularities noticed in these Accounts.

(1). The list of deposits that lapsed at the close of each offical year has not been furnished (Article 255, C.A.Code Vol.I, 6th Edition).

(2). The Clearance Register due in this office at the beginning of each offical year has not been furnished (Article 253).

(3). The Quarterly Certificate is not recorded in the Receipt Register (Article 252).

(4). The Plus and Minus Memo is not recorded in the monthly Receipt Registers (Article 369).

(5). Receipts and repayments shown in Treasury Accounts, under "Municipal Funds" are omitted from the Presidents accounts, causing

ferences between the Treasury and Municipal accounts.

(6). Repayments shown in the Extract Register are not included in the Municipal Cash Account.

(7). Repayments aremade by money drawn from the Treasury and Deposit Vouchers instead of by cheques.

(8). Municipal bills on which cheques areissued or the original Statements (Registers) received from Vice Presidents are sent in support of repayments, instead of printed Vouchers in Form No.51 prescribed in note 1, Article 251, the receipts obtained from the parties being filed in the Presidents Office.

(9). Vouchers are charged in, and sent along with, the List of Payments instead being sent with the Extract Register of Repayments.

(10). The transfer to the proper service heads, of amounts like the sale proceeds of impounded cattle &c which remained under deposit during the prescribed period is effected by cash transactions with the Treasury instead of by simple book adjustments in the Municipal accounts themselves, according to the instructions issued in this office Circular No. 61/L.F. dated 9th October 1901.

(11). The amounts transferred from Deposits are credited to a wrong head or are not credited at all. The tranfer is sometimes made by crediting to the proper head of account but without debiting to Deposits. The head of account to which such items are credited is also not noted in the Repayment Registers and Vouchers.

(12). The Subsidiary Statement in support of transfer adjustments made in the accounts is not furnished as required by this office Circular No. 62/L.F. dated 11th January 1902.

(13). The entries in the Cash Account of book adjustments are not made red ink to distinguish them those or cash transactions as required by this office Circular No. 61/L.F. dated 9th. October 1901.

(14). The original statements received from the Vice Presidents are sent in support of the Deposit credits and debits instead of Extracts from the Registers maintained in the Presidents office as required by

1 and 2 of this office Circular No. 29/L.F. dated 18th December 1898: (Articles 364 and 366 of the Code).

(15). The amount of sale proceeds of stray cattle credited under Deposits in the Cash Account is shown in the Pound Collection Statement instead of in the monthly Deposit Receipt Register.

II. The following correspondence relating the Deposit Accounts are long pending disposal:-

(1). The Receipt Registers from November 1901 to February 1902 and the Repayment Registers for January and February 1902 returned to the President for explanation and rectification of certain discrepancies with this office No. 1599/L.F. dated 21st April 1902, included in the list of undisposed references submitted to Government with my letter No. 122/L.F. dated 29th. July 1903 have not yet been returned. The President after a delay of over a year called for a copy of the reference in his No. 492 dated 29th. August 1903. which was furnished to him with my No. 301/L.F. dated 2nd September 1903. The matter still remains undisposed of.

(2). The Receipt Register for December 1900 and the Repayment Registers for July, August and September 1900 and June 1901 were returned with this office No. 71/L.F. dated 15th July 1902 for explanation of certain discrepancies and for certain information. The Registers with the exception of that for June 1901 were returned with Presidents No. 508 dated 29th. August 1903 without the required explanation and information and the same had to be sent back with my No. 984/L.F. dated 13th Febry. 1904. The Register for June 1901 has not been returned by him.

(3). The President was desired in this office No. 773/L.F. dated 4th. January 1904 to explain why certain amounts being sale proceeds of stray cattle were not kept under deposits and to explain the circumstances under which he stated in his No. 433 dated 20th August 1903 that they did not pertain to Municipal Funds. The explanation has not yet been furnished.

III. The President having been called upon in my No. 600 L.F. dated 1st December 1902 to send the Statement of lapsed deposits and

Cl Register dug in this office at the beginning of the official 1902-1903 states in his NO. 329 dated 12th August 1903 as follows:— It is only after repeated instructions that the taluk officials have understood the procedure regarding Municipal Deposits, the registers showing the particulars of which have been opened from the year 1902-1903. Under the above circumstancesthe Clearance Register and the Lapsed Deposit Statement will be sent to his office commencing from the year 1902-1905". In these circumstances, I request that Government may be pleased to take such steps in the matter as will ensure the proper maintenance and submission to this office of Accounts by the Presidents. As the President says that the accounts were not properly maintained by the several Municipal Boards in his D District, I beg to annex in the margin a memo of the closing balances at credit of the several Municipalities on 1st Jany. 1904 as per accounts of this office and request that the President may be ordered to verify the figures with those of his office and to his explanation for the differences, if any.

Sir,

In acknowledging the receipt of your docket No. 4290 / L.7.37-02 of the 11th May 1904, forwarding for explanation, Comptroller's letter No. 1205 of the 16th April 1904, re the Municipal Deposits, I have the honor to State that the irregularities now pointed out by the Comptroller came to my notice in August last when I was officiating as Deputy Commissioner of this District. With a view to keep correct accounts of Municipal Deposits I issued a circular order to all the Vice-Presidents to submit detail information as regards each item of deposit. Some of the replies were received before November 1903 and some after that I handed over charge to Mr B.A. Venkatavaradayyar

on the 2d November and proceeded on leave. Since then up to now no further action — seems to have been taken in the matter. I am now devoting my personal attention in this direction and after verifying the figures now furnished by the Comptroller with those of the several municipal Boards I shall submit a detailed report on the subject The other irregularities brought to the notice of Government by the Comptroller, such as preparation of repayment vouchers recording the quarterly certificate to have been noted and will be rectified as early as possible noted and will be rectified as early as possible

I may add that this branch of my office was badly manned and I am now reorganising the whole office with a view to secure better efficiency and greater promptitude in the disposal of Local Fund & municipal papers
